

Felix Orawo Ochieng

Email: fellowz9771@gmail.com | Phone: 0797378249

Location: Nairobi, Kenya

Objective

Dedicated high school student with full-stack development skills, seeking opportunities to apply tech skills for impactful projects in Kenya.

Education

Kanga High School, Kisumu – Form 4

Relevant Courses: Mathematics, Computer Studies

Technical Skills

Front-end: React, Angular, HTML5, CSS3, JavaScript (ES6+)

Back-end: Node.js, Django (Python), Ruby on Rails

Databases: MongoDB, PostgreSQL, MySQL

Tools: Docker, Git, AWS, CI/CD basics

Other: Responsive design, PWA, API integration (REST, GraphQL)

Projects

1. School Management System (Django, React)

Built a web app for tracking attendance, grades, and notices. Integrated M-Pesa for fee payments.

2. Weather App (Node.js, API)

Fetches real-time data using OpenWeather API with mobile-responsive UI.

3. Portfolio Website (HTML, CSS, JavaScript)

Showcased projects, skills, and contact information.

Experience

Freelance Developer

Built a simple e-commerce site for a local business (React, Firebase). Contributed to a community event management app.

Tech Club Member, Kanga High School

Mentored juniors in Python and web development.

Achievements

Winner – School Hackathon 2024 (Best Web App)
Top 10 – National Science and Engineering Fair (ICT category)

Languages

English (Fluent), Swahili (Native), Doluwa (Native)

Interests

Web development, open-source, tech meetups, coding challenges.
